

INAR NOTES FOR ADAPTATION

1. 2017-2018 curriculum will be applied to all students.
2. Summer Practices must be 20 workdays each. Summer practice courses (INAR311 Summer Practice-Construction Site and INAR411 Summer Practice-Office) should be selected on the first semester after completion of summer practice. S or U grade will be given.
3. Department of Interior Architecture and Environmental Design can attend all Faculty elective courses without being considered by the class year.
4. There are 6+1 University Foundation Courses (UFND) in total. Students should take minimum 3 (compulsory (UFND 070, UFND 091 and UFND 092) and 2 elective (which will be taken from university UFND elective pool) UFND courses. Students who have taken and succeeded 4 UFND courses from UFND course pool are exempted from UFND 091 and UFND 092 courses. Students who have taken and succeeded 3 UFND courses from UFND elective course pool should take UFND 091 course. Students who have taken 2 or less UFND courses from UFND course pool should take both UFND 091 and UFND 092 courses. UFND 070 course is compulsory in each and every condition.
5. The total ECTS credits of elective courses must be minimum 64 ECTS. The credits of elective courses other than faculty electives (from University elective pool) can be maximum 16 ECTS (including elective second language courses). 4 of 16 ECTS credits can be taken from remaining UFND courses except 3 compulsory UFND 070, UFND 091 and UFND 092) + 2 elective UFND courses.
6. For those, who have taken and successfully completed 6+1 UFND courses, the total ECTS credits of elective courses other than faculty electives are 12. For those, who have taken 4+1 or 2+3 UFND courses, the total ECTS credits of elective courses other than faculty electives are 16 credits. Elective courses in Turkish can be selected up to maximum 6 ECTS.
7. INAR112 Building Construction: Structures, Materials and Detailing for Interiors in 2015-16 curriculum is modified as INAR132 Building Construction Types and Principles. Students who haven't succeeded in INAR112 or those who wants to retake it should take INAR132.
8. INAR211 Statics and Strength of Materials for Interiors in 2015-16 curriculum is modified as INAR231 Building Materials and Detailing for Interiors I. Students who haven't succeeded in INAR211 or those who wants to retake it should take INAR231.
9. INAR212 Building Materials and Detailing in 2015-16 curriculum is modified as INAR232 Building Materials and Detailing for Interiors II. Students who haven't succeeded in INAR212 or those who wants to retake it should take INAR232.
10. The code of INAR250 is modified as INAR351. Students who haven't succeeded in INAR250 or those who wants to retake it should take INAR351 or any other Faculty elective with the same ECTS credits.
11. The code of INAR361 is modified as INAR451. Students who haven't succeeded in INAR361 or those who wants to retake it should take INAR451 or any other Faculty elective with the same ECTS credits.
