

Yaşar University, Faculty of Architecture, **Department of Interior Architecture and Environmental Design** is seeking candidates for full-time positions (Lecturer/Assistant Professor/Associate Professor or Professor). There are four positions for the areas defined below:

- a. Candidates are expected to teach and coordinate Interior Architecture Studio courses. They are also expected to teach other Bachelor and/or Graduate degree courses related to their teaching and research interests. Candidates should also display their interests in innovative methods and tools of design teaching.
- b. Candidates are expected to teach Structures, Materials and Detailing for Interiors. They are also expected to teach other Bachelor and/or Graduate degree courses related to research interests. Candidates should also display their interests in new materials and building technologies and innovative methods.
- c. Candidates are expected to teach and coordinate Presentation, CAD-CAM and/or Furniture Design courses. They are also expected to teach other Bachelor and/or Graduate degree courses related to their teaching and research interests. Candidates should also display their interests in innovative methods or design/architectural representation, and should have experience in CAD and CAM tools and technologies.
- d. Candidates are expected to teach and coordinate Indoor Environmental Control courses as well as Graduate Design Studios concerned with Environmental Systems. They are also expected to teach other Bachelor and/or Graduate degree courses related to their teaching and research interests.

Research motivation, collaboration skills and fluent skills in English will also be distinguishing factors in the assessment of applicants. A Bachelor, a Master's or a PhD Degree in Interior Architecture/Design or in a closely-related field such as Architecture or Industrial Design is required. Previous teaching experience in the subject area as well as coordination skills is requested.

**About Yaşar University:** <http://www.yasar.edu.tr/en/>

Yaşar University was established in 2001 as a foundation university by one of Turkey's leading corporate groups, Yaşar Holding. The University is located in Izmir, the third largest city of Turkey, on the Aegean coast. With a global approach to research and education through international partnerships, projects, strong links with business sector and global universities, Yaşar University is an ideal environment for research, personal development and learning. The vision is to make Yaşar University a 3<sup>rd</sup> generation university on the global level, prioritizing innovation and sustainability.

In 2008, Yaşar University has moved to the Selçuk Yaşar campus, designed with the needs of the students and outfitted with state of the art technology. The medium of instruction for the majority of our programs is English and Yaşar University utilizes the European Credit Transfer System. Tuition is given by leading Turkish and international staff. Yaşar University has more than 200 Erasmus partners from 26 European countries and it has received the Erasmus Success Story award from the European Commission on two occasions. Yaşar University also has been awarded with the Diploma Supplement Label by the European Commission.

Yaşar University has approved its strategic plan for the period from 2015 to 2020 with the participation of all relevant stakeholders. Three tiers of this strategy have been identified as internationalization, experiential learning and local cooperation.

Language of education in Yaşar University is 100% English.
